Technical Specification

MODEL	MT-185C	MT-220C
Plot and Cutting width our size	200cm/82 inch	225cm/88 inch
Print Speed	200-240sq2/1h	
Cutting Speed	80-120sq2/1h	
Max Power Consumption	150W	
AC Power	110V/200V@ 50-60HZ	
Print Head	2 ink cartridge HP-45	
Economic Plotting Resolution	300/600DPI And Economic Plotting Resolution	
Plotting Precision Tolerance	<1%	
Inkjet technology	HP 51645A or HP 51645B or Compatible one	
Paper Feeding System	Inner diameter 3 inch outer diameter 12 inch advance. Advised maximal weight 45kg Roll	
Paper	≥20g/m2 Advise Use 40-100g/m2	
File Formats Accepted	HPGL (other Format we can customize for you)	
Pc Interface	USB Super faster Internet Port	
PC Terminal Advantages	Super Terminal PC Control Software is dynamic adjusting software with the server host database, it can preview edit the queuing file order in the server computer real-time.	
Cleaning of Cartridge	Cleaning by Electronic Control	
Cartridge Inspection	Automatically inspection of the Cartridge and Ink Automatically inspection of the Ink Level Automatically Cartridge Optimize	
Machine Dimensions (WxDxH)	2460×460×960mm	
Packing Weight	130KG	
Cartridge inspection	Automatically inspection of the Cartridge and ink, automatically inspection the ink label,	
Software Requirements	Windows 10/8/7System 32/64Bit
