

Key Features

- Heavy Roll Loading System – Easily loads large fabric rolls up to 300 kg capacity.
- Adjustable Loading Height – Platform height adjustable from 400–1700 mm.
- Strong Gear Motor Drive – 1.5 kW gear motor ensures smooth and stable lifting.
- Stable Roller Platform – Provides uniform fabric movement and prevents roll slipping.
- Durable Industrial Frame – Heavy-duty structure for long-term continuous use.
- Easy Mobility – Equipped with 5-inch load-bearing universal wheels, easy to move inside factory.
- Safe & Labor-Saving Operation – Reduces manpower requirement and minimizes workplace injuries.
- User-Friendly Control Panel – Simple operation and low maintenance.

Technical Information :

Model	EverBrilliant
Model	PG-200L
Size	L2210*W1000*H2190mm
Motor	Gear Motor (1.5kw)
Platform loading capacity	300 kg.
Height fabric Adjustable Platform	400-1700 mm
Power	380v-2.2kw
Wheel	5 inch load- bearing universal wheels.
