

Vacuum Film

HDPE and LDPE

HDPE and LDPE vacuum film covers fabric on automatic cutting tables. It helps prevent air from re-entering the fabric lay after vacuum extraction, maintaining the vacuum during cutting.

Technical Specification

Thickness	0.025-0.040 mm
Standard widths	70, 80, 86, 90, 96, 100 and 108 inches; available up to 120 inches
Roll weight	30-50 kg
Material	PE and PO
Film types	HDPE and LDPE
Application	Cover film for automatic cutting tables
Delivery time	5-10 days for stock items
Sample	Free
